Bridgestone Agricultural Tyres 0% Finance Available

*Soil Care
by Bridgestone*

- **Higher yield** Because of their larger footprint, VT TRACTOR tyres reduce soil compaction contributing to higher yield.
- **Increased productivity** VT TRACTOR offers superior traction enabling you to work faster.
- **Lower operating costs** Through fuel savings and high efficiency on the road VT TRACTOR tyres can further reduce your operating costs.

How does it work?

For example, order a set of tyres for £4,800 and lease at £200 plus VAT per month for 24 months. Ask your participating dealer for a financing illustration, if you like what you see request an agreement and our leasing partner will make some simple checks and send you a contract when approved.

Bridgestone AG Finance is the trading style of Bridgestone UK Limited and authorised by the Financial Conduct Authority to facilitate fair terms for you with third party finance companies. We don't provide leasing ourselves and are not obliged to provide a financing source under any circumstances. Our services are restricted to agricultural products from Bridgestone, Firestone, and group member companies only.

Bridgestone UK Limited, Athena Drive, Tachbrook Park, Warwick CV34 6UX Telephone 01926 488500
